**Hobby**  
BUILT FOR LIFE

## PRIZED. LOVED. BUILT FOR LIFE.

It all started with a groundbreaking idea: to make mobile holidays easier, more comfortable and more relaxing. As a result, Hobby laid the foundations for modern caravans and motorhomes over 50 years ago. This aim is what still drives us to this very day.

We employ over 1,200 members of staff at our site in Fockbek in Schleswig-Holstein. Over 15,000 vehicles are produced here each year using state-of-the-art machinery in one of the caravan and motorhome industry's largest production sites in Europe.

Our recipe for success is based on four ingredients: trendsetting inventions, innovative technology, modern design and genuine passion.

Each new generation of vehicles is notable for its superb standard equipment, spacious design, quality and functionality – and each provides premium value at an extraordinary price. It's really no wonder that Hobby became the most popular and best-selling caravan brand in Europe.

Hobby. Built For Life.

# ONTOUR

THE ENTRY-LEVEL ONE

## ONTOUR THE ENTRY-LEVEL ONE

Lightness is the name of the game with the Hobby ONTOUR. It contains no unnecessary weight, but does have everything that is important to you. The ONTOUR is always ready for spontaneous trips out into the unknown. Less is more: from just 1,200 kg and 2.20 m in width, the compact Hobby ONTOUR is the perfect caravan even for smaller cars. For maximum comfort, choose the layout most suited to your needs from the five different layouts available.

**DE LUXE**

THE FAMILY-FRIENDLY ONE

## DE LUXE THE FAMILY-FRIENDLY ONE

For us, true freedom is living in a Hobby caravan. What lies behind the façade? A bright, welcoming home wherever you are in the world – and just a car's length away. So flexible that anything is possible. Breathing space for the modern holidaymaker: the family-friendly DE LUXE comes in 18 versions with six different children's bed layouts. Because true freedom knows no compromises.

A white Volkswagen Golf is shown from a front-quarter perspective, driving on a paved road that curves through a lush green field. In the background, a traditional Dutch windmill stands on a small hill, surrounded by trees. The sky is a clear, light blue. The car's license plate reads 'HOBBY'.

# DE LUXE EDITION

THE SPORTY ONE

## DE LUXE EDITION THE SPORTY ONE

A sporty design with distinctively clear lines. A young atmosphere with light furniture fronts and subtle red accents. Effective lighting that combines functionality with ambience. The DE LUXE EDITION appeals with its sporty, dynamic line. A self-contained caravan with character. Featuring compact layouts for couples travelling alone. Or practical planning for leisure-loving families.

EXCELLENT

THE ELEGANT ONE

## EXCELLENT THE ELEGANT ONE

Enjoy life as a couple. Discover idyllic sites. And follow your own rhythm. The Hobby EXCELLENT is a favourite for all couples. It might be because of its comfortable equipment. Or its spacious design with 13 different layouts. Or its modern exterior. Or its atmospheric ambient lighting for spending some romantic time together as a couple. It's really no wonder that the Hobby EXCELLENT is our most popular range.

# PRESTIGE

THE SUBLIME ONE

## PRESTIGE THE SUBLIME ONE

Now you can make your dreams come true! With the Hobby PRESTIGE, even large families can enjoy the luxury of a real home from home wherever they are bound. It is a stylish classic with a special charm. And a sophisticated ambience designed to suit your taste. Eleven different layouts provide plenty of space to move around, and some have special seating areas for the little ones. What more could you want in a caravan?

## HOBBYCOMPLETE YOUR FULLY EQUIPPED HOBBY.

High expectations? Then you've come to the right place! Because with Hobby caravans, modern comforts come as standard. Items you would pay for elsewhere as optional extras are all part of the package at Hobby. On the following pages you'll find an array of features to make holidays in your Hobby caravan even more enjoyable. The availability of the following "HobbyComplete" ALL-INCLUSIVE package features depends on the model of vehicle. Please refer to the current price list for details of the relevant features.

C SHAPED LOUNGE

### HEATED COAT RACK

Hot air rises and circulates throughout the coat rack in the entrance area, drying damp jackets and coats in next to no time.

### TV UNIT WITH GLASS CABINET

The TV unit in the entrance area features a stylish glass cabinet with LED ambient lighting.

### LARGE WARDROBE

Perfectly organised. The spacious wardrobe has enough room for both long and short clothes, as well as folded items of clothing.

### WARDROBE LIGHT

The inside light in the wardrobe is automatically switched on when the door is opened and provides bright light for an optimal overview.

### LARGE WALL UNITS WITH SOFT-CLOSE MECHANISM

The doors with soft-close mechanisms open up wide towards the ceiling, leaving plenty of headroom. Extra-sturdy hinges ensure a strong opening and locking force. You can rely on them to keep your belongings secure when in transit.

### STORAGE SPACE UNDER THE SEATING UNITS

The seating areas have an easily accessible storage compartment for all your important travel accessories.

### ILLUMINATED CORNER SHELF

The reflective and illuminated corner panels of the U-shaped seating areas create a special ambience.

### THREE-COLOUR READING LIGHT

Whether you want ambient lighting, a white reading light or twilight lighting – the three-colour reading light lets you create your very own lighting mood.

### STYLISH SET OF GLASSES

An exclusive set of stylish glasses is included on board.

### SWAN NECK LAMPS

The flexible swan neck lamps in the seating areas and by the beds are ideal for reading thanks to their directable light source.

### SEATING UNIT WITH PLENTY OF LEGROOM

Comfortable and practical: there is ample storage space underneath the seating area. The compartments are slightly set back so as not to restrict the legroom. The all-round upholstered panel creates smooth transitions.

### COMBINATION-CASSETTE WITH SUN AND INSECT PROTECTION

All side windows are equipped with combi-cassette blinds to protect against sun and insects. (Excluding washroom window)

### SINGLE-POST LIFT TABLE

The steplessly adjustable single-post lift table allows easy access to the seating area and offers extra legroom.

# KITCHEN

SPACIOUS WONDERS, RIGHT DOWN TO THE FINEST DETAIL

# OVERVIEW OF KITCHENS

COMPACT SIDE KITCHEN

SIDE KITCHEN

REAR KITCHEN

WIDE SIDE KITCHEN

EXTRA WIDE KITCHEN

ROOMY CORNER KITCHEN

### COMPACT SUPER SLIM TOWER REFRIGERATOR WITH FREEZER COMPARTMENT

The 150-litre absorption refrigerator is silent and offers you all of the space and cooling power you could ever need. The slightly raised installation saves you bending.

Up to seven height-adjustable compartments in the door mean you can now store taller 1.5-litre bottles as well as 1-litre bottles and Tetra Paks. Storage containers and tinned food can be stowed away within easy reach in the compartment underneath the refrigerator. The refrigerator can be powered by the 230-volt power supply, or by gas or the 12-volt battery when on the road.

### PRACTICAL HOB/SINK COMBINATION WITH MORE WORK SURFACE

The gas hob and sink are made from robust stainless steel and form a continuous unit for easier cleaning. The generous space between the three burners makes cooking a lot easier too, even with bigger pans. The hob comes with electric ignition, and the split safety glass cover can be used to provide additional workspace if required.

### KITCHEN DRAWER IN A COMFORTABLE SIZE WITH PUSH LOCK AND SOFT-CLOSE.

The extra-large drawers provide space for all kinds of utensils, and can be fully extended for a good overview and easy access. The soft-close mechanism ensures smooth, quiet closure, with secure locking thanks to the push lock system. Reinforced support struts and longer strike plates keep fully loaded drawers firmly in place even while on the move.

### TEA TOWEL RAIL

In many kitchens, a pull-out towel rail provides a space for tea towels.

### SPICE RACK

Some of the kitchen wall units come with handy spice racks so you can keep salt, pepper and herbs to hand.

### PRACTICAL CUTLERY INSERT

Cutlery drawer with well-planned dividers ensures that cutlery and kitchen utensils will not get mixed up even during the journey. (Model dependent)

### CUPBOARD WITH PULL-OUT DRAWER

No wasted space: provisions can be stored on several levels in the pull-out cabinets.

### KITCHEN WINDOW ROLLER BLIND WITH INTEGRATED POWER SOCKETS

The Combi Cassette with pleated blind and fly screen has a bright LED kitchen light and two handy placed power sockets.

### MULTIFUNCTIONAL KITCHEN SPLASHBACK

The kitchen splashback with the large window and the Combi Cassette featuring a fully integrated blind and fly screen is a beautiful, all-in-one unit. A USB charger socket and 230 V power sockets are also perfectly integrated into the kitchen splashback.

### ROOMY CORNER FLOOR CUPBOARD

The large swivelling pull-out unit of the kitchen base cabinet accommodates pots and pans, making optimal use of the available storage space.

### ELEGANT KITCHEN COUNTER

The modern counter performs several functions at the same time. The illuminated pane of real glass serves as a partition between the kitchen and living area. The shelf is the perfect place to store your books, mobile phones, keys, and so on.

# SLEEPING AREA

FOR A COMFORTABLE AND PLEASANT NIGHT

# AN OVERVIEW OF SLEEPING AREAS

DOUBLE BED

DOUBLE BED, TRANSVERSE

SINGLE BEDS

ISLAND BED

CHILDREN'S BEDS

DROP-DOWN BED

### SEVEN COMFORTABLE BEDS

The deluxe 515 UHK is actually seven berth. After converting the seating area and letting down the drop-down bed, two comfortable double beds are available in the rear. Three further beds are located in the children's area.

### VARIABLE DROP-DOWN BED

After getting up, the drop-down bed together with all of the bedding can be easily raised up out of the way. The automatic locking mechanism holds it securely in place.

### SPACIOUS CHILDREN'S AREA

In addition to the fixed bunk bed with two beds, an additional place to sleep is created in the De Luxe 515 UHK by converting the side seating area.

### CHILD-FRIENDLY TEDDY-BEAR LIGHT

Turn the nose of the bear to dim the light – perfect for sending little campers off to sleep.

### COMFORTABLE SPRUNG MATTRESS

All fixed beds are equipped with sprung mattresses and stable laminated beech bed frames.

### CHILDREN'S BEDS WITH COLOURING BOARD

During the day, the bottom bunk bed can be folded up to provide a space to play in – with the underside of the bed acting as a wipe-clean board. For a safe night's sleep, the top bed is fitted with a sturdy rail to prevent you from falling out.

### COMFY HEADBOARD

The upholstered panel made of easy-to-clean artificial leather at the head of the bed ensures a clean finish, the swan neck lamps give you a pinpoint reading light, and the wide shelves provide you with plenty of space to store books, glasses, clocks and many other personal items.

### EASY-ACTION BED LIFT

Many beds feature opening aids to provide easy access to the storage space. These take the form of a gas spring (Lift-O-Mat) in island and double beds and a spring mechanism in single beds. When raised, the mechanism ensures that the bed is locked securely in position.

### FRONT WINDOW WITH PRACTICAL DETAILS

More light, more air, more practicality. The sturdy front window has a fully integrated Combi Cassette with pleated blind and fly screen and comes complete with shelves for books and other items.

### LIGHT SWITCH AND POWER SOCKET IN SLEEPING AREA

The bed has an extra built-in light switch for easy access, and a power socket is provided in the sleeping area for convenience.

# WASHROOM

EVERYTHING YOU NEED FOR PERSONAL CARE

# AN OVERVIEW OF WASHROOMS

COMPACT WASHROOM WITH WASHBASIN AND TOILET

COMPACT WASHROOM WITH INTEGRATED SHOWER TRAY AND EXTERNAL WASHBASIN

COMPACT WASHROOM WITH SEPARATE SHOWER

COMPACT WASHROOM WITH SEPARATE SHOWER

REAR WASHROOM WITH SEPARATE SHOWER CUBICLE

OPEN-PLAN WASHROOM DESIGN WITH SEPARATE SHOWER CUBICLE

### SPACIOUS WC AT THE FRONT

The spacious bathroom has lots of space to move around in. The opaque side windows let fresh air in and moisture out in next to no time.

### EXCLUSIVE THETFORD CASSETTE TOILET

Toilets developed exclusively for Hobby with all-round sealing lip and smooth surface for easy cleaning.

### GENEROUS STORAGE FACILITIES

All care products can be readily accommodated in the vanity unit and mirror cabinets in the washrooms.

### PRACTICAL THETFORD ROTATING TOILET

The rotating cassette toilet ensures optimal use of space.

### DESIGNER DOOR HANDLES

The washroom doors are equipped with an ergonomically designed metal door handle. The shape helps prevent loose clothing from getting caught on it.

### ROOFLIGHTS

Lets light in and moisture out! Many washrooms are equipped with full-sized rooflights, e.g. Mini-Heki from DOMETIC-SEITZ.

### TOOTHBRUSH HOLDER INCLUSIVE

Two toothbrush holders complete the comfortable equipment in the washrooms.

# CONSTRUCTION

STRONG INNOVATION AND TECHNOLOGICAL FINESSE

# STATE-OF-THE-ART BODY TECHNOLOGY

## BRIGHT EXTERIOR LED LIGHTING

A multitude of lighting elements, the majority of which are LED, make sure your caravan will never be overlooked. They are harmoniously integrated into the contours of the vehicle, thereby emphasising its distinctly automotive design. The third brake light is a decisive safety advantage.

The bright LED awning light illuminates the doorway and provides pleasant light in the awning.

## ONE-KEY CLOSING SYSTEM

One key for everything: entrance door, gas cylinder locker, storage space lids, boot lid and door for removing WC cassette.

## OVERRUN BRAKE WITH AUTOMATIC ADJUSTMENT

The KNOTT ANS overrun brake adjusts itself automatically, guaranteeing unrestricted braking performance at all times. A key safety feature, particularly in critical driving conditions.

## NOSE WHEEL WITH LOAD INDICATOR

Complete control: the load indicator helps you to load your caravan correctly. Having the correct nose weight improves driving stability, making you safer on the road.

## STABILISER HITCH

One-handed coupling – safe arrival: the safety coupling WINTERHOFF with tracking stabiliser and convenient single-lever system is all part of the package with Hobby.

## PRACTICAL GRAB HANDLE

An ergonomically designed handle in the entrance area of almost all Hobby caravans makes it easier for you to climb aboard.

## A-FRAME WITH WALK-ON COVER

Attractive and practical: the stand-on cover makes it easier to load and unload the gas locker. It also makes it easier to clean the front of the caravan.

### HABITATION ENTRANCE DOOR WITH TRIPLE-POINT LOCKING

One door, lots of features: the extra-wide habitation entrance door provides effective protection against thieves with its triple-point locking. The large window lets in lots of light.

The inside of the door is equipped with handy shelves, a waste bin and a pleated fly screen. The practical waste bin with integrated dustpan and brush set helps you to keep the vehicle clean. Another notable feature of the Hobby door, which is 40 mm wider than standard doors, is the highly effective splash water seal.

### HIGH-QUALITY VENT WINDOWS

The double-glazed, tinted vent windows with safety locks are specially moulded, which – together with the thicker material – makes them much more resistant to stresses and deformation (especially heat and cold). Another positive effect is the improved sound insulation, while a new, reliable sealing system provides long-lasting protection against the ingress of moisture.

### WHEEL TRIMS AND AIR PRESSURE DISPLAY

The standard wheel trims in white are optimally designed to match your caravan. The pressure display on the wheel arch guard indicates the required tyre pressure. An integrated rubber clamping lip provides a visually elegant wheel covering solution. (Draught skirt not included)

### INSULATED ROOFLIGHTS

Every Hobby caravan is fitted with a Midi-Heki rooflight DOMETIC SEITZ. Up to two additional Mini-Heki roof vents help to ensure the temperature inside the caravan is perfect. When open, fresh air is drawn into the caravan. When closed, the insulation keeps the inside temperature stable. Two different blinds can be used either to dim the interior or as a fly screen.

### NOSE CONSTRUCTION

The well-designed front section is dominated by a solid corner structure made from a moulded PU frame. The sandwich construction with EPS core and the sturdy windowsill in PE foam above the gas locker ensure maximum heat insulation. PU-foam corner posts join the front firmly to the sidewall and have good insulating properties as well as being water-resistant. They provide a secure connection for the ABS mouldings, giving rise to the unique exterior design of Hobby caravans with their streamlined rounded edges. (Ontour, De Luxe, De Luxe Edition, Excellent, Prestige)

### REAR-VENTILATED UNITS WITH PLENTY OF STORAGE SPACE

The air vents in the wall units ensure optimal circulation of the rising warmth from the heater. The large gap between the winter vents and the exterior wall prevents damp spots and mildew.

#### TAILORED BODY JOINTS

The aerodynamic lines without corners or edges are typical of Hobby caravans. All body joints have sealed frame profiles. This ensures a seamless and harmonious design and prevents moisture from entering.

#### EXTREMELY STRONG MANOEUVRING HANDLE

The manoeuvring handles on your caravan are ergonomically shaped and an integral part of the structure. They are integrated harmoniously into the exterior design of the vehicle. In the De Luxe Edition, Excellent and Prestige model ranges, the chrome look sets off the vehicle design to perfection.

#### REAR DESIGN

The rear design features modern shapes and a sporty appearance.

#### RAIN AWNING WITH WATER DRAINAGE

The awning rails on the nose and rear with specially moulded end pieces ensure even better drainage of rainwater.

#### PARTICULARLY ROOMY GAS-CYLINDER LOCKER

The gas lockers not only hold two 11-kg gas bottles, but also have space for the leg winding handle, wheel chocks and waste water tank. Easy access is ensured by the vertically opening door. The plastic floor is rot-proof and easy to clean.

#### FRONT SPOILER WITH HOLES GIVING ACCESS TO THE CORNER STEADIES

The corner steadies and heavy-duty supports are easily reached via the openings in the skirt rail.

#### PREMIUM GAS-CYLINDER LOCKER

The gas locker has a low sill and sturdy aluminium chequer-plate floor and provides space for the chocks, leg winding handle and waste water tank. The gas regulator with over-pressure protection is easily accessible, and there are sturdy holding devices for two 11-kilogram gas bottles.

#### PREMIUM PRACTICAL BOOT

The boot in the back of the vehicle is ideal for stowing camping tables and chairs, for example. Double locking and an all-round rubber sealing lip protect against splash water.

# ON-BOARD TECHNOLOGY

FOR A HOLIDAY WITHOUT COMPROMISES

# ON-BOARD TECHNOLOGY

## AMBIENT LIGHTING

Bright light for cooking or a romantic glow in the evening; personal light settings can be saved on the control panel. Dimmable light strips above the wall units add that extra touch. All the 12-volt lights feature energy-saving LED technology.

## CONTROL PANEL

The basic control panel puts you in complete control of many functions. It controls nearly all the lighting units, displays the fresh water level and regulates the hot water heating unit. All from a single, central location right by the entrance to the caravan.

### POWER SOCKETS WITH TV CONNECTION

At least five 230 V power sockets are installed in every Hobby caravan as standard, along with a coaxial cable kit including a socket for the TV connection.

### TACTILE LIGHT SWITCH

Thanks to their tactile design, the separate light switches are even easy to find in the dark.

### SMOKE ALARM

Preventive fire protection while on the road. The compact alarm quickly and reliably alerts you if fire smoke is detected in the vehicle.

### PASSENGER VEHICLE CONNECTOR

The standard 13-pin passenger vehicle connector from Jaeger not only supplies the brake and rear lights with power, but also allows all the caravan's 12 V appliances to run off the car battery.

### CHILDREN'S LIGHT SWITCHES

Can be easily reached by little campers: the light switch is at a child-friendly height.

### LARGE FRESH WATER TANK

The fresh water tank, which can be filled from the outside, is located in an easily accessible spot in one of the seat chests or bed lockers. A large screw cap allows easy cleaning. (Pictured here is the 47-litre fresh water tank)

### EASY DISPOSAL

Clean and simple: the service hatches for the cassette toilet are located on the left-hand side of the vehicle on the majority of models featuring a double bed. This means that the toilet does not have to be carried through the awning.

### TRUMA WATER HEATER

The tried-and-tested TRUMA heating unit with a 5-litre capacity uses the warm air from the heater to heat the water. An electric heating element also heats the water, however, when the heating is not turned on.

### COMBI HOT AIR HEATING SYSTEM TRUMA

The hot air pipes of the combi heating system TRUMA ensure an optimal distribution of heated air throughout the vehicle for a cosy temperature. The integrated water heater has a capacity of 10 litres.

### SAFETY GAS REGULATOR

The flexible connecting tube with gas regulator and integrated over-pressure protection fits all common gas bottles.

### CENTRAL GAS CONTROL TAPS

The gas distributor is easily accessible in the kitchen.

### TRUMA HEATING S 3004 / S 5004

The powerful fan with booster function on the heater TRUMA is a quick, effective and eco-friendly way of warming up the caravan.

### CENTRAL ON-BOARD TECHNOLOGY INSTALLATION

The on-board technology systems are readily accessible inside the spacious wardrobe.

### WATER AND ELECTRICITY CONNECTIONS

A standard external socket is provided for connecting the caravan to the power supply. The awning socket with SAT/TV connection allows you to connect 230 volt devices. The water connection lets you fill the water tank easily with a hose. All outside connectors have pictograms to make their functions clear.

Roof-mounted air conditioning unit

HobbyConnect

Autonomy package and state-of-the-art battery management

Articulated TV bracket

Hobby CI-BUS on-board management system with TFT control panel

Spare-wheel holder

Elegant alloy rims

Hot water heater

Underfloor heating

## OPTIONAL EXTRAS TO SUIT YOUR NEEDS.

Do you have a specialist hobby or specific equipment requirements?

The appropriate optional extras and many individual solutions are available to help you tailor your caravan to your own purposes and holiday needs.

The availability and version of the following optional extras depend on the model of vehicle and, where applicable, come as standard for certain model ranges. Please refer to the current price list for details of the relevant features.

## HOBBY CI-BUS ON-BOARD MANAGEMENT SYSTEM WITH TFT CONTROL PANEL

The modern BUS on-board system controls all the equipment and functions connected to the on-board network. The control knob allows you to conveniently navigate between the menus. Displays such as date / time, inside / outside temperature, water tank level and battery charge / discharge can be read on the display panel or settings can be activated directly. Other BUScapable on-board components, such as heating, air conditioning and electric sunroof, can be centrally controlled. The system is standardised, can be updated and is therefore compatible with future appliance generations. Up to 15 appliances can already communicate with the control panel. (Observe manufacturer's instructions.)

## AUTONOMY PACKAGE INCLUDING CHARGE CONTROLLER WITH BOOSTER, BATTERY, BATTERY SENSOR AND BATTERY CASE

The intelligent battery sensor IBS supplies all the important data such as charging time, charging current and charging voltage, as well as the remaining running time and discharge current of the GEL or AGM battery in autonomous mode. All values can be read on the TFT operating panel. The battery sensors supply the intelligent charger with the exact charging current and voltage it needs, thereby ensuring battery-conserving charging until it is 100% full. Charging times are reduced by approx. 30% with this system compared to standard chargers.

## HOBBYCONNECT

Turn on the air conditioning or heating when you're already on your way back from the beach – not a problem! The HobbyConnect on-board control system can be controlled via a smart-phone or tablet using the free MyHobby app. The lighting, filling levels and battery charge can also be activated or checked using the app.

The HobbyConnect box can be ordered ex-works or retrofitted. Control all of the functions via WLAN or Bluetooth in the immediate vicinity of the vehicle. When further away, you can connect with the system using a SIM card.

 HobbyConnect ready

### TRUMA ELECTRIC WATER HEATER, 14 LITRES

The high-power heating element Truma heats the water from 15°C to 70°C. Sustained heat storage also ensures extremely short reheating times, thus saving both energy and money.

### UNDERFLOOR HEATING

All Hobby caravans can be supplied with an electric underfloor heating system. The heating foils in the walking area of the floor prevent thermal bridges and cold feet.

### HOT WATER HEATER

The hot water heater ALDE 3020 HE with a total power output of 8,500 watts and an integrated 8.4-litre boiler is available from type 545. Heating and water heating can be activated both simultaneously and independently of one another.

### HOT WATER UNDERFLOOR HEATING

The combination of a hot water heater and hot water underfloor heating provides the highest levels of comfort. The floor is warmed up by a system of pipes, through which the hot water flows. In conjunction with radiator panels, the heat is distributed throughout the floor of the vehicle.

### ROOF-MOUNTED AIR CONDITIONING UNIT WITH HEATING FUNCTION

The roof-mounted air conditioning unit Dometic Freshjet has four controllable air flow settings. This quality lightweight system is economical and pleasantly quiet.

### CITY WATER CONNECTION

Standard water connection with garden hose connector for easy filling of the water tank via the local water supply.

### EXTERNAL GAS SOCKET

External connector for gas-driven appliances, BBQ's etc.

### USB CHARGING SOCKET

This optional double socket can be used to charge two mobile devices at the same time.

### SPACIOUS GARAGE

The garage provides space for bulky luggage.

### ELEGANT AWNING

Protects against sun and rain: the THULE OMNISTOR awnings are perfectly matched to the Hobby caravans.

### REAR BICYCLE RACK FOR 2 BICYCLES UP TO 40 KG

The THULE bike carrier is perfectly suited to Hobby caravans. The lockable guide rail prevents the bikes moving during transportation and is manually fixed in place.

### A-FRAME BICYCLE RACK FOR 2 BICYCLES OR PEDELECS UP TO 60 KG

Bikes can be easily transported on the A-frame carrier, which also ensures an even distribution of weight and is easily folded forwards out of the way to give access to the gas locker.

### THETFORD WET LOCKER DOOR WITH CENTRE LOCK

Additional service hatches are available on many models.

### ELEGANT ALLOY RIMS

The elegant alloy rims add the finishing touch to the caravan's appearance and increase the payload.

### SPARE-WHEEL HOLDER

Available for many models: the lightweight spare wheel holder. Placing the spare wheel under the caravan creates more storage space in the gas locker, for example.

### ELECTRONIC STABILISATION SYSTEM

The high-performance sensor monitors the movement of the car and caravan continuously while on the road. The Knott ETS Plus counters any snaking movements instantly and effectively and brakes automatically in case of danger.

### ARTICULATED TV BRACKET

Optionally available for many models: the swivelling TV bracket for watching TV from the seating area or bed. A pull-out bracket for the TV is used in vehicles where there is not enough room to fit the articulated bracket.

### PULL-OUT BED EXTENSION

For many caravans with single beds, a pull-out bed extension can be supplied as an option. The additional cushion creates an extra-large sleeping space.

### THREE-TIER CHILDREN'S BUNK BEDS

The sleeping area for children is also optionally available with three beds and three windows.

### DYNAMIC REAR LIGHTS

Truly eye-catching: the rear lights with dynamic indicators lend the caravan a sporty appearance.

### REMOVABLE CARPETING

The carpeting lets you recreate the comfort of your living room at home. It consists of multiple elements specially tailored to fit the layout of your caravan, and can be easily removed for cleaning.

### COLD-FOAM MATTRESS

The cold foam mattress with seven different hardness zones offers luxury sleeping comfort.

### COMBINED HOB/OVEN INCLUDING GRILL

The new full-sized cooker is available for the Prestige models. With three gas burners, an electric hotplate, a separate grill and the large oven, there's nothing else even ambitious amateur cooks could wish for.

### A DOMETIC EXTRACTOR HOOD

A Dometic extractor hood completes the kitchen fittings and keeps cooking smells in check.

### MICROWAVE

Home-from-home convenience: the microwave is ideal for heating up food in a hurry.

### SHOWER FITTING IN TOILET

The shower fitting turns the washroom into a handy shower.

### OVEN

Now you can bake bread on holiday too – or rustle up some homemade pizza for lunch – thanks to the built-in 36-litre oven with light.

### BLACKOUT BLIND ON THE WASHROOM WINDOW

The convenient combi-blinds with a built-in fly screen reliably keep the washroom from heating up too much if the sun shines in.

**UPHOLSTERY COMBINATION SARI**

## GENERAL REFERENCES

Caravan catalogue, 2020 season  
Last updated August 2019

Some of the models featured in the brochure have optional extras or decorations that are not part of the standard scope of delivery. Deviations from the pictured furnishings in terms of structure and colour are excepted provided they relate to the nature of the materials used and are consistent with standard commercial practice. The same applies to technical modifications to the vehicle provided the overall product quality remains the same or is improved and the intended purpose is not impaired.

Not all of the features are available for all models due to the layout design. Details of the equipment package can be found in the current price list. All content is correct at the time of going to press. Design and equipment package subject to change without notice; errors excepted.
